

## Internal Report: Operations Summary – 1<sup>st</sup> Quarter

*\*For the security of our Haitian staff and children, please refrain from posting the following items to social media.*

### In Haiti...

The situation in Haiti remains dire, with the people facing severe humanitarian challenges, including food insecurity, limited access to clean water and medical care, and a deteriorating security situation. The need for prayer for Haiti is paramount as the country struggles to find stability, security, and hope for the future. We ask you to pray with us that God will bring comfort to those who are suffering, provide strength and wisdom to those working towards a peaceful solution, and help bring about positive change for the people of Haiti. **Our staff continues to courageously work** to bring help and hope to our children. Please join us to specifically pray for them.

### Please Pray for our Haitian Staff Members

### On the Ground...

#### 1. Students Win Bible Awards!

We are thrilled to celebrate the award-winning students who recently **earned top scores on their annual Bible exams!** These students exhibited academic excellence and determination in their exam performance and received joyful commendation from their classmates, teachers, and school administrators. We also gratefully acknowledge our amazing HFHC educators, who work tirelessly to promote lifelong learning from a Biblical worldview and nurture, educate, and train every child in their care.

## 2. Cite Soleil – Crisis Relief Response

Gang violence has steadily been on the rise in recent months. Stray bullets from warring gangs threaten the lives of anyone who walk in their path. Due to these extreme safety concerns, the government suspended their trash removal program in the area. This caused **trash to pile up** in ditches and overflow from the banks. The path to/from the school was impassable for the children.

In January and February, group of local residents in Cite Soleil banded together to remove the trash, dig a trench to divert the water, and pave a pathway so that students could walk to school and keep their feet dry.

*Excessive water and piles of trash build up outside of the school.*

*Residents work together to remove the trash, dig a drainage ditch, and pour concrete to make a walkway to the school.*

## 3. Thomazeau Christain School Exands

The construction of the 11<sup>th</sup>, 12<sup>th</sup>, and 13<sup>th</sup> grade classrooms underway at the Thomazeau Christian School. In just three weeks, they are ready to put on the roof and begin painting!

*Construction team pulls together to build three classrooms in one month. They are putting the finishing touches on it now!*

#### 4. Teacher Training Workshop

We are excited to showcase our amazing teachers and their commitment to excellence in Christian education! Recently, fifty teachers and five principals from HFHC's village schools met at Dubuission Christian School for a three- day teacher training conducted by our educational partners at P4H Global. We are so grateful these educators were able to attend the training despite the ongoing turmoil in Haiti.

##### Topics Covered:

- Lesson Planning Tips
- Using Bloom's Taxonomy to set goals
- Differentiating in the Classroom
- Student Engagement Strategies
- Different Types of Assessments
- Critical Reflections
- Reflections in Action
